

# Welcome To Trakker Apps

## Revolutionary Apps for Mobile Accounting

**Trakker Apps** are a suite of apps designed to meet the specialized accounting needs of business professionals, attorneys, and landlords. They combine simple, intuitive data entry with our patented extrinsic variable accounting method to ensure your data is complete, accurate and easily accessible – from anywhere.

- Enjoy user-friendly data entry on your desktop or mobile device.
- Get instant access to customer/client balances in your Escrow, Trust and IOLTA bank accounts.
- Meet regulatory reporting and storage requirements.
- Provide multiple users with simple, mobile time and expense tracking, along with enterprise invoicing and account receivables.
- Secure your accounting data in cloud storage for safe and easy access to actionable financial reports and metrics.
- Deepen business insights with a full range of reporting and analytics functions.

Enhance and simplify your accounting with robust artificial intelligence, complete mobile and desktop functionality, and a patented extrinsic variable algorithm that revolutionizes double entry accounting.

Revolutionary Apps for Mobile Accounting

## Trakker Apps for Lawyers

### Escrow Trakker

Never lose control of your Trust and IOLTA accounts again. No external spreadsheets. No calculations. Store all regulatory required documents in the ET cloud depository. Produce detailed customer statements and 3-way reconciliation reports at the touch of a button. Track as few as 1, or up to 200 separate Trust bank accounts flawlessly. Easy-to-learn, easy-to-use.

**\$24.99 / yr**

### Time Trakker Prime

Patented data analytics algorithms elevate this time and expense tracker to a uniquely powerful business intelligence tool.
