## Celebrating Excellence

Nominated to IAM  
Strategy 300, 2025.  
Recognized among  
the world's top IP  
leaders.

We're proud to share that our colleague Bikram Sethi has been nominated for inclusion in the IAM Strategy 300: The World's Leading IP Strategists for 2025.

This recognition celebrates individuals who are not only experts in intellectual property but who also shape IP strategy at the highest levels — and Bikram does exactly that. Whether advising clients on global portfolio management, driving operational efficiency, or translating complex IP challenges into business value, his leadership continues to make an impact.

We're thrilled to see Bikram recognized alongside the industry's best.
